

Dear Educators:

**This letter serves as a notification that all BooksourcE collections included in our 2016-2017 catalogs are sole-source.**

These packaged thematic collections are only available through BooksourcE. Each customized book collection is identified by using a unique BooksourcE code listed in one of our catalogs. Collections will be packaged, shrink-wrapped and labeled for easy distribution.

We welcome the opportunity to support your literacy efforts and feel confident that our selection of titles will meet your curriculum needs. To order any of our book packages, simply list the codes on your purchase order, submit it to our Customer Care department by fax 800.647.1923 or mail and we'll take care of the rest.

As always, we appreciate your business.

Sincerely,

Neil Jaffe

President
