

Dear Educators:

**This letter serves as a notification that all BooksSource collections included in our 2017-2018 catalogs are sole-source.**

These packaged thematic collections are only available through BooksSource. Each customized book collection is identified by using a unique BooksSource code listed in one of our catalogs. Collections will be packaged, shrink-wrapped and labeled for easy distribution.

We welcome the opportunity to support your literacy efforts and feel confident that our selection of titles will meet your curriculum needs. To order any of our book collections, simply list the code(s) on your purchase order, submit it to our Customer Care department by fax (800.647.1923) or mail and we'll take care of the rest.

As always, we appreciate your business.

Sincerely,

Gary Jaffe

CEO
